

Faith Christian School High School Driver Form

Turn in to the Administrator when completed.

From time to time high school students engage in activities for which adequate transportation is not available. Although it is Faith Christian School's first choice that students are transported by volunteers and teachers, we realize this is neither always possible or feasible and requires that students drive to the activity. Other times, after the activity, parents desire that their child drive home rather than back to school. When this occurs, Faith Christian School requests the following:

- A copy of auto insurance must be in the students file at school. Please attach a copy to this form the first time.
- A permission form signed by student and parent.

I give permission to _____ (child's name) to drive if needed to and from any activity for the 2020-2021 school year.

Please check one:

_____ My son/daughter **may** transport other students in their vehicle.

_____ My son/daughter **may not** transport other students in their vehicle.

I will drive with caution and care to ensure the safety of others. I understand this is a right and the slightest infraction of reasonable driving methods will result in the loss of this driving privilege. I will inform the activity leader of any stops I need to make to and from the activity. I will not text when I am driving.

Student Signature: _____ Date: _____

I have discussed the responsibilities, seriousness, and expectations that come with driving for a school activity with my child. I grant my child permission to drive.

Parent Signature: _____ Date: _____

-----**Fill out for single activity below**-----

I give permission to _____ (child's name) to drive to and from

(name of activity)

After the activity, my son/daughter will be driving their vehicle to _____.

Administrator Signature: _____ Date: _____
